

Introducing the

Daisy Dollar Program

To say thank you for all of your in-store purchases, we would like to pass the buck back to you. Like green-stamps—the more you have, the better your savings. For every \$10 of purchase you will receive a credit of \$1 to use towards any product during our redemption month of August for up to a 50% discount. This is to allow you to make every purchase count toward that special item you have been looking for. This counts for only in-store products and no custom/special arrangements.
